People's Decentralized Financial Network

ABOUT

People's Coin (PCN) is the native currency for People's Decentralized Financial Network (PDFN), a people driven ecosystem which is powered by a utility token to aid initialization of ecosystem projects. Holding PCN today gives you a featured spending guarantee with its ability to hold and trade as a dedicated team of diverse expertise rolls out people oriented projects geared towards our everyday life and style ranging from Sports, Customer Rewards System, Manufacturing Industry, Health Insurance and Records, Supply Chain Management, Pharmaceutical Services just to mention a few with the intended application of Blockchain Technology, Internet of Things(IoT), Artificial Intelligence (AI) and Edge Computing (EC) while promoting the adoption of cryptocurrency and decentralized finance.

ECOSYSTEM

After 2 years of complementary research and development into the cryptocurrency ecosystem, the team behind this project have carefully carved out distinctive services underlying personal and business utility of Blockchain Technology, thereby building up strategic systems to implement the outrageous findings of the research, giving it its depending relevance into the cryptocurrency world by implementing every recommendation from the research. Hence, the ecosystem will be rich of products and services you cannot do without plus value added upon each to enable it tradeable while creating room for exchanges and enabling staking rewards at same time allowing holders and investors achieve a high Return over Investment (RoI).

ECOSYSTEM

A peep into the ecosystem are products and services covering;

6. We want to deliver systems to every aspect of human engagement.

SOLUTIONS & METHODOLOGY

1. Scalability
2. Privacy/Anonymity
3. Power
4. DAO
5. Ecosystem
6. Reliability
7. Security
8. Staking
9. DeFi
10. Yield Farming
11. Flash Loans
12. DEX Wallet

TOKENOMICS

Blockchain: Smart Chain

Name: Peoples Coin

Address: 0x2eb0aadbfbcee1b2630bde465c04cf1cc6705f4b0

Ticker: PCN

Decimal: 18

Total Supply: 570,000,000

Seed Phase: 2%

Private Sales: 9%

Public Sales: 15%

Team: 15%

Development: 15%

ROAD MAP TO ICO

Self Drop - 1 month

Airdrop/presale ----- 2 weeks

Private Sale (ICO Phase 1) 1 month

Public Sale (ICO Phase 2) - 2 weeks

Public Sale (ICO Phase 3 - hard Cap) optional - - 1 month

DEX LISTING (liquidity in PCS)

CEX LISTING (HOTBIT, HOUBI...)

Anti Dump mechanism Phase one implementation

Contract auditing for Simplex integration
